For over 36 years, Renaissance has designed and built homes featuring a wide variety of exterior styles. Although many of the plans presented on our site are currently displayed with a single exterior style, we can modify to a different style more suited to your preference. We can generally adapt any of our exterior styles to the floorplan that you select or that our Design Team develops to meet your specific requirements.

Some of the Architectural Styles we are currently designing and building include:

- **FARMHOUSE TRADITIONAL**
- **FARMHOUSE MODERN**
- **PRAIRIE / MODERN**
- **NORTHWEST/CRAFTSMAN**
- **COASTAL**
- **VINTAGE**

Let us assist you in selecting or customizing a home plan that meets both your lifestyle needs and reflects your personal style preferences.
